WHAT YOU NEED TO BE A *Host Site*

- 1** Any type of screen that connects to the Internet (laptop, smart TV, etc.) and an Internet connection that supports watching at 1080p resolution.
- 2** Invite people to join you!

It's that simple. Whether it's church staff, church members, your small group, or people in your network, this is a great opportunity to connect with others to learn to do good in your community. Send an email invite, create a private Facebook event, or send an evite. Follow up with a personal call or email.

Wherever (or whenever) you're meeting to livestream the conference, find a way to make it fun and inviting! This can be as simple as having snacks and drinks available or providing extra pens and paper.

HOW TO JOIN THE *Livestream*

- On **Tuesday, September 26** and **Thursday, September 28**, we will host a test livestream, so you can practice your device and connection ahead of the event. During this time, our support team will be ready to answer questions and help you troubleshoot!
- On **Friday, September 29**, you will receive the official link for the Sunday night gathering.

HOW TO ACCESS THE *Restream*

- By signing up to be a host site for all four nights, you will get access to a restream link. This link allows you to restream past nights in the event you are unable to meet for the livestream or wish to view the content before showing it to your group.
- By agreeing to be a host site, you agree to not screen record or download the Good For All Nights streaming. You will be able to watch the restream, but you will be unable to download the video of the event.
- The link for all four nights will expire on **December 31, 2023**.
