

Rules for Students

- You must travel in groups...no one can be alone
- Walk around and try to locate a staff person...if you think it's a leader, the code phrase is, "Do you like dogs or cats?" If it's a leader, they'll respond, "I like *laser cats*."
- Don't ask a billion people that question. Only ask it if you actually think it's a leader. If they give you a sticker, ask them their name so you can put the sticker on the correct spot on the card.
- Leaders will give you a sticker (show where the sticker should go)
- Don't run...be secretive...security knows we are coming
